- ☐ Have you ever been punished even if you were the one being bullied?
- ☐ Have you ever been turned away from your school because they did not know how to help you or because of language barriers?
- ☐ Have you ever been bullied and the school knew but did nothing to resolve the situation?

**If you checked any of the above you have faced institutional bullying!*

WHAT IS INSTITUTIONAL BULLYING?

- A framework to expand bullying beyond the interpersonal student to student definition and includes the school to prison pipeline.
- When the entire education system sets up conflicts between those in schools which particularly impact students and parents.
- When bullying is normalized, perpetrated, and reinforced by the education system and those in positions of power in the education system. This can happen either by being complicit through inaction or explicitly engaging in harmful and exclusionary practices.
- It blames students and parents instead of identifying and addressing root causes of problems.
- When the school system doesn't take responsibility for how the school is being run which push out and criminalize youth and disempowers/prevents parent and student engagement and voice.
